Elevate Your Mobility with the VW Caddy Maxi Life WAV

Discover the VW Caddy Maxi Life WAV, a perfect blend of style and practicality, tailored for wheelchair accessible passenger travel. Expertly converted by GowringsVersa Mobility, this WAV is designed to redefine your mobility experience.

Key Features:

- **Stylish and Practical:** The VW Caddy Maxi Life WAV has always been renowned for its style and practicality, and this metallic grey beauty continues that tradition. It retains its original bench seat, offering comfortable seating for up to 5 passengers alongside the wheelchair user.
- **Safety First:** The lowered floor conversion incorporates a secure floor-mounted system coupled with a lap and diagonal belt, prioritising the safety and security of the wheelchair passenger during the journey.
- **Effortless Access:** The vehicle's lightweight, gas-assisted ramp at the rear ensures smooth and easy entry for all passengers, making every trip a hassle-free experience.

Why Choose This Vehicle?

The VW Caddy Maxi Life WAV combines style and practicality seamlessly, making it a popular choice among those seeking a versatile and elegant disabled car. With its secure seating and safety features, this WAV guarantees a comfortable and secure ride for all passengers.

All of our WAVs are supplied with a [2-year warranty, provided by the RAC*](#), to give you complete peace of mind and include 12-month complimentary RAC roadside assistance*.

This vehicle is exempt from charges in all [clean-air zones](#).
